- CINEL (Centro de Formação da Indústria Electrónica, Energia, Telecomunicações e Tecnologias da Informação)

  Programming Languages for Web Certification
  Completed in 2012

About Me

I started my career in 2021 as a web developer, and I'm currently assigned as a developer
for a web application, a CRM related do real estate agencies.
Most of my task's require solid PHP knowledge, usually I prefer to use a framework such
as Laravel when possible. Also mySQL, JS, HTML, CSS, bootstrap are always present.
I always care for the workflow of a company, I like to use GIT as version control, make use
of branches and always guarantee the product quality.
A think team work and share of knowledge are core qualities for a developer, and I like to
work with other people in the same project.
I like to keep updated about programming languages, try new technologies or new ways
to approach problems.
